

Modern Slavery Statement

1. Introduction

This statement outlines our commitment to combating modern slavery and human trafficking within our operations and ensuring that our business practices uphold the highest standards of ethical conduct and are compliant with all applicable laws.

Liftoff Mobile Limited helps mobile businesses maximize their revenue. It provides machine learning-powered marketing, monetization, and creative solutions that create better ad experiences and connect people with the products they love.

Given the nature of Liftoff Mobile Limited's business, it does not have a traditional supply chain. The services it procures are from third parties that do not typically involve types of labour at risk for slavery and human trafficking. For these reasons, the company considers itself to be low risk with respect to slavery and human trafficking issues.

Liftoff Mobile Limited will continually monitor the level of risk throughout our operational chains and take action should it determine a higher risk of modern slavery exists.

2. Our Commitment

- **Training:** We have a legal team that is trained to ensure that we request contractual commitments from our contractors, partners, and suppliers to comply with all applicable laws.

We also provide resources that educate our employees on recognizing the signs of modern slavery and understanding their responsibilities in reporting any concerns.

5. Reporting and Accountability

We encourage employees, suppliers, and stakeholders to report any concerns related to modern slavery. Reports can be made through the following channels:
